## VISION, MISSION & VALUES

### VISION

The vision of Mtang Joinery is to provide quality services in interior and construction industries, with safe methods at the cost effective to the client. We aim to create employment and skills development in communities we're tasked to work in and to improve the standard of our work by assembling to expected quality using safe methods of construction, giving value to the money of the client.

### Mission

Mtang Joinery intend to improve the standard of living by empowering disadvantaged communities by providing employment and skills development to people in the communities where Tenders are awarded. It is also our mission to improve the standard of civil and construction quality in our country by using skilled and competitive employees.

### Values

Creating an environment for innovation and quest to render the world class services. A belief in a lateral leadership style where an environment of trust forms the foundation of the company. A belief that loyalty provides sustainability for a secure future for its people and members.

## OBJECTIVES & GOALS

- To transform unskilled labours to skilled
- To provide the expected quality and safe environment
- To add value to clients money by implementing easy and less expensive methods of joinery
